

Bourbon Crime Syndicate

The House of Bourbon are one of the most dominant criminal bloodlines and royal families on the planet and they are owners of various drug cartels as well as the Galician Mafia. King Felipe VI of Spain is claims the official title of King of Jerusalem and is the head of the Order of Montesa which is the continuation of the Knights Templar of Aragon. The Knights Templar were the original Zionists. The Knights Templar Cartel in Mexico and others are owned by the House of Bourbon and other Spanish nobility with Italian connections like the Osorio, Aragona-Escobar, Borja, Alvarez, and FitzJames-Alba

families. Drug cartels are drug merchants and Templars were also merchants and bankers. When Pope Benedict XVI visited Mexico the Knights Templar Cartel welcomed him with a banner. MS-13 is like a branch of the Mexican Mafia and they operate in the United States ruthlessly serving their interests. Luis Flores founded the Mexican Mafia. Flores means a flower. The Bourbon family use the "fleur-de-lis" on their coat of arms. Fleur means flower. Mexico is overseen by Spain and some Italian nobility with Spanish connections like the Gaetani, Torlonia, Colonna, Massimo, and Ruspoli families. Jeb Bush was the former governor of Florida and Duke Francisco of Bourbon and Escasany was the CEO of the Bank of Miami. Jeb Bush is a 4th degree Knight of Columbus and his wife Columba Bush is from Guanajuato where the Knights Templar Cartel have operations. The House of Bourbon established Banco Santander under Queen Isabella II which has over 1.3 trillion in assets along with its subsidiary Santander Bank in the United States. Ana Patricia Botin-Sanz de Sautuola O'Shea is a Spanish noble and is the executive chairman of Santander. The Botin family continually manage Santander for the House of Bourbon and Ana's father Marquis Emilio Botin was investigated and fined 200 million for tax evasion and concealing billions in private Swiss bank accounts along with various other criminals using Santander accounts in Switzerland. Louis Alphonse Bourbon the Duke of Anjou is a French-Spanish banker and great grandson of Francisco Franco. Louis's father in law is Victor Vargas who owns Banco Occidental de Descuento with 17 billion in assets. Francisco of Asis-Franco and Martinez-Bordiu is another grandson of the dictator and just as wicked. Prince Louis Alphonse and Marquis Francisco Asis-Franco are pure evil.

King Juan Carlos of Spain spent Thanksgiving at the Bush ranch several years back and made criminal business deal with the Bush family. The Bourbons and the Bush family are both married with the Hawkins family. Laura Bush's mother was born as Jenna Louise Hawkins. The Hawkins family married with the Walford and Bourbon family which are the Dukes of Ansoala and Marchena. George Bush owns large amounts of property in Texas near the border. The Bush family are working with the House of Bourbon and use their power and wealth to assist the drug cartels and Mexican Mafia in trafficking drugs, weapons, and humans across the border. Several decades ago Mexican cartel criminals made human sacrifices in Brownsville, Texas near the Mexican border which was a satanic sacrifice. Mobsters are Satanists. Rick Perry is an agent of the Bush family and was a former Lieutenant Governor of Texas under Bush and is now United States Secretary of Energy under Donald Trump. Former president Vincente Fox was Jesuit educated. The Jesuits settled in Sinaloa where one of the largest crime syndicates the Sinaloa Drug Cartel is located. King

Felipe VI was Jesuit educated at Georgetown in Washington DC. The political leaders in Mexico are deeply connected with the Vatican and Spanish Crown. Organized crime is involved with trafficking women and children. The Mexican Mafia and MS-13 are also connected with a Satanic Aztec cult of blood drinkers that are inside the United States and involved with a child kidnapping ring. In Spain an estimated 300,000 babies were stolen from Roman Catholic Spanish hospitals under the governance of Francisco Franco and the House of Bourbon. This has been reported by the mainstream media. The House of Bourbon traffic babies. The Bourbon family own the Gulf Cartel and are working with their cousins the French House of Orleans which own the New Orleans crime family. They have a criminal trafficking network from Mexico through the Gulf of Mexico to New Orleans, Louisiana. They are ruthless criminals and nothing more. The Mexican billionaires Antonio del Valle Ruiz and Carlos Slim are agents of the Bourbons and managers of the cartels.

King Felipe VI of Spain holds the official title of King of Jerusalem and this makes him very high level. The Spanish House of Bourbon is intermarried with Italian Black Nobility and Holy Roman nobility like the House of Battenberg and House of Habsburg-Lorraine. Juan Carlos' father Count Juan of Barcelona was born in Rome. The royal families are all working together to dominate over society. When the people of Spain wanted to get rid of the monarch the royal families propped up the fascist dictator Francisco Franco whose revolt caused a civil war and he then reestablished the Bourbons as the rulers of Spain. They use war and chaos to regain their order. The Latin phrase *Ordo ab Chao* is the motto of Freemasons and means Order out of Chaos. Juan Carlos shot and killed his older brother to steal the Spanish Crown. When the Bourbon family started getting exposed like this Juan Carlos stepped down and they passed a multitude of fascist laws restricting freedom of speech. *Alumbrados* is the Spanish word for Illuminati and they existed more than two hundred years before the Bavarian Illuminati and were connected with Ignatius Loyola the founder of the Jesuits. The Spanish royal family also controls the Latin Kings and finance criminals and gang stalkers. A man named Jose Francisco Ruiz or his street name Bigs is an associate of the Puerto Rican Mafia and is a gang stalker, serial killer, faggot rapist, and cannibal operating in New England and Florida. He has a reaper tattoo on his arm and is a paid killer and he works with his cousin Hector whose street name is Chiefy. Jose Ruiz is propped up to a high level by the Bourbons and he is extreme evil. Prince Francisco of Bourbon and Hardenberg is an extremely evil member of this family and a Grand Master of the Order of Saint Lazarus. Prince Francisco works for Alpha Trading a mining company based in the US and involved with precious metals, oil, and gas. Prince Francisco is also a

managing partner of Neftan which is a global investment firm run by his father the Duke of Seville. The Duke of Seville manages the Archbishop of Seville Juan Asenjo Pelegrina.

The House of Bourbon is married in with most of the Spanish nobility including the Gomez-Acebo family which run an international law firm. Jose Gomez is the Archbishop of Los Angeles and an agent of the Gomez-Acebo family. California was once part of the Spanish Empire. The Irish-Galician Estevez family of Hollywood with Martin Sheen, Charlie Sheen, Emilio Estevez, and Ramon Estevez are agents of the Bourbons and associates of the Galician Mafia. Martin Sheen is a devout Roman Catholic and changed his name to Sheen to honor Archbishop Fulton Sheen. The actor Antonio Banderas is from Spain and was given an award by King Felipe VI of Spain. The Bourbon family recently married with the German House of Hardenberg. Their German cousins with Count Andreas von Hardenberg ran the Berliner Bank a subsidiary of Deutsche Bank. Members of the criminal Spanish House of Bourbon include King Juan Carlos I of Bourbon, Queen Sofia of Spain, Duchess Pilar of Bourbon, Duchess Margarita of Bourbon, Duke Carlos of Zurita, King Felipe VI of Bourbon, Queen Letizia of Spain, Duchess Elena of Bourbon, Princess Cristina of Bourbon, Duchess Simoneta of Gomez-Acebo and Bourbon, Prince Luis Beltran of Gomez-Acebo and Bourbon, Prince Bruno of Gomez-Acebo and Bourbon, Prince Fernando of Gomez-Acebo and Bourbon, Prince Alfonso of Zurita and Bourbon, Duchess Maria Sofia Emilia Carmen of Zurita and Bourbon, Prince Felipe of Marichalar and Bourbon, Duchess Maria Cecilia Walford-Hawkins and Bourbon, Donna Mary Helen Walford-Hawkins and Bourbon, Don John James Walford-Hawkins and Bourbon, Don Michael Walford-Hawkins and Bourbon, Don Francis Walford-Hawkins and Bourbon, Don Hugh Walford-Hawkins and Bourbon, Duke Alfonso of Bourbon and Sanchiz, 4th Duke of Santa Elena, Duke Francisco of Bourbon and Escasany 5th Duke of Seville, Prince Francisco of Bourbon and Hardenberg, Princess Olivia of Bourbon and Hardenberg, Duke Alfonso Carlos of Bourbon and Escasany, Duke Louis Alphonse of Bourbon-France, Duchess Marie Marguerite of Bourbon-France, Princess Alejandra of Bourbon and Yordi, Prince Alfonso of Bourbon and Yordi, and Prince Enrique of Bourbon and Lobez. The Bourbons are ruthless tyrants that need to be exterminated.

King Felipe VI of Bourbon and Queen Letizia of Spain. King Felipe VI is a part owner of various drug cartels and especially the Gulf Cartel and him and his wife are international child traffickers and they are child murdering pigs. The House of Bourbon are also the founders and part owners of Banco Santander which has 1.4 trillion in assets.

As a result of the war of Spanish Succession (1701-13), Naples and Sicily were ceded by Spain to the Habsburg emperor Charles VI in 1720, and the pope duly invested the emperor with the titles of king of Sicily and Jerusalem on June 5, 1722 (the kingdom being a papal fief).

The kings of Spain continued to use the title of Jerusalem until 1931, as did the kings of Two-Sicilies.

MADRID — Spain's national court on Tuesday closed a tax fraud investigation focusing on Emilio Botín, the chairman of Banco Santander, and 11 of his relatives.

The court said the case was abandoned, without any charges being brought, because the Botín family had straightened out its tax problems before June 2011, when the investigation was announced. At the time, people close to the family said the **Botíns had already paid about 200 million euros** (about \$288 million based on the exchange rate at that time) in **back taxes**.

Up to 300,000 Spanish babies were stolen from their parents and sold for adoption over a period of five decades, a new investigation reveals.

The children were trafficked by a secret network of doctors, nurses, priests and nuns in a widespread practice that began during General Franco's dictatorship and continued until the early Nineties.

King Juan Carlos of Spain met with President George Walker Bush at his ranch in Texas which was a secret drug trafficking deal between the Bourbon's Gulf Cartel and the Bushs criminal agents that operate at the Texas-Mexican border. The Gulf Cartel operates through Brownsville Texas and these Mexican mobsters are literally Satanists involved in human sacrifice. The mass graves that are found all over Mexico from Drug Cartels are human sacrifices. The drug cartels have sacrificed at least tens of thousands of people in the past decade.

On March 14, 1989 a 21-year-old student named Mark J. Kilroy disappeared during a nighttime, Spring Break excursion into Matamoros. U.S. and Mexican law enforcement joined the Kilroy family in an extensive search for the missing student on both sides of the Rio Grande.

It took almost a month to find Kilroy's body. He had been **tortured, dismembered**, offered up as **human sacrifice** in the twisted imaginings of **drug traffickers**, who thought that sacrifice offered them protection from detection. Kilroy was killed at Rancho Santa Elena, owned by the drug-trafficking Hernandez family, just across the river from the small U.S. community of El Ranchito.

On April 11, 1989, before Zavaleta arrived, Rancho Santa Elena revealed its horrors: 13 bodies would be located that day, including Kilroy's.

The bodies were all male, all horribly mutilated. Some had been **castrated and sodomized**; some were **missing the brains, limbs and hearts** that had fed the nganga. Long wires had been coiled around the bones of their spines, so that they later could be pulled from the earth to be used as necklaces.

https://en.wikipedia.org/wiki/Order_of_Montesa

The Order of Montesa (Valencian: Ordre de Montesa, Aragonese and Spanish: Orden de Montesa) is a Christian military order, territorially limited to the old Crown of Aragon. It was named after the castle of Montesa, its headquarters.

Templar background

The Knights Templar had been received with enthusiasm in Crown of Aragon from their foundation in 1128. King Alfonso I of Aragon, having no direct heir, bequeathed his dominions to be divided among the Knights Templar, the Knights Hospitaller, and the Order of the Holy Sepulchre, but this bequest was annulled by his subjects in 1131. The Knights Templar had to be contented with certain castles, the chief of

which was Monzón. Although the Aragonese branch of the order was pronounced innocent at the famous trial of the Templars, Pope Clement V's Bull of suppression was applied to them in spite of the protests of King James II of Aragon in 1312.

King James II persuaded Pope John XXII to permit him to regroup the Templar properties in Aragon and Valencia, and to create a new military order not essentially differing from that of the Templars
